Ramallah - AL Masyoon

---

## EDUCATION

**Birzeit University**, Bachelor of Computer Science | **2020 - Current**
**Udacity,** Front-End Developer Nano Degree | **2024 - current**

---

## SKILLS

**Programming Languages**
Java / JavaScript / Python /
TypeScript / Dart / CSS / HTML

**Frameworks**
Angular / Flutter

**DBMSs**
MySQL / Firebase

---

## PROJECTS

**Tariqi Navigation**                                                          **Sep2024 - Current**

**Checkpoint Status Detection System**
- Developed a mobile application to monitor and display checkpoint statuses in real-time using live data from Telegram groups.
- Developed an NLP pipeline for data cleaning, classification, entity recognition
- Implemented real-time data transfer using Firebase and created a responsive Flutter mobile app for end-users.
- Built a web server with FastAPI to handle data processing and API responses.
- Designed a web admin panel with Angular for user management and system control.

**Visit Management System**                                                    **Jul 2023 - Sep 2023**

- Developed a system to streamline visit assignments for employees.
- Built a Flutter mobile app for employees to efficiently manage and complete assigned tasks.
- Created an Angular-based admin panel for managing assignments and overseeing operations.
- Utilized Spring Boot to implement a robust web server for backend functionalities and API integration.

**Khaled Charitable Society**                                                  **Aug 2024 - Sep 2024**
- Designed and developed a static web page for the organization using HTML and CSS.
- Delivered a clean and user-friendly interface to highlight the organization's mission and activities.

---

## EXPERIENCE

**Internship**
**Bisan Systems Ltd**

*July 31 – September 21*

- Completed the Visit Management System project, including a mobile app using Flutter, an admin panel with Angular, and a web server built with Spring Boot.

- Gained hands-on experience in full-stack development and project deployment.

## CERTIFICATION

**Internship Completion Certificate**
*Bisan Systems Ltd, Ramallah*

Awarded for successfully completing an internship and contributing to the Visit Management System project ([here)](#)
